##### John Edwards Admits Affair

After continuously denying being involved in an extramarital marital affair, former Democratic presidential candidate John Edwards has confirmed that he indeed did have an affair with 44-year old Rielle Hunter.

"I'm just so surprised and disappointed," a source close to Edwards tells People. "We put in all that time and effort and poured our souls into this campaign. It's really unfortunate, too, that what he did now dilutes his credibility on the poverty issue, where he really had the chance to make a difference."

The source says that Edwards never displayed any behavior that was inappropriate during his campaign. "Not at all. He didn't have a wandering eye," says the source. "But he's very good at compartmentalizing. Whether something's going on in his family, or on the staff, he'd be able to turn around, go on stage and give a brilliant speech. So maybe he just compartmentalized those emotions."

Hunter and Edwards met in 2006 at a New York City bar. She received \$114,000 from his political committee to produce Web site documentaries for his campaign.
