Luenell and her daughter DaTelle had a shopping feast at Dussault Apparel on Melrose for Pre-BET. The gifting suite included a lavish array of apparel including a hoodie and skinny jeans for DaTelle, caps for both mom and daughter and a beautiful pricey Dussault fleur de lis bracelet for Luenell. The store catered to the film star in true VIP fashion, shutting down their quaint and old rustic style Hollywood glam decorated retail outlet for a one-on one viewing. Luenell was so impressed with the fashion line that she also made a purchase.

Luenell will soon appear on VH-1's new television series "I Love The New Millennium" and Comedy Central's "Realty Bites Back."
